CODING WORK EXPERIENCE

reOS - Frontend Developer Full-time July 2021 - October 2022

- Experience - Building a production application with responsive UX and UI design.
- Core Responsibilities - Agile development, product management, automated testing and working with a restful API.
- Techstack - **HTML, CSS - Sass, Javascript, RXJS, Typescript, React and Redux.**

Bertha Centre UCT Business School - Frontend Developer Part-time retainer: July 2022 - current

- Techstack - JavaScript, GatsbyJS, Tailwind CSS, Netlify CMS and Netlify.

The Fantastic Agency - Financial Director and Head Booker: Nov 2019 - Feb 2021

- Core Responsibilities - Managed the company portfolio of 250 models to promote company profitability. Managed the full bank reconciliation and introduced efficient systems. Over my 2 year tenure with the organisation revenue increased twofold, with an inevitable downturn during the full lockdown.

Supa Tutor & Mathamagicians - Founder edTech 2011 - 2021

- As the founder, I created content and designed and developed the online platform. Approached with a healthy offer to purchase the company in 2015, I opted to continue with the endeavour.
